Saskatchewan Heritage FOUNDATION

Introduction

The Saskatchewan Heritage Foundation (Foundation) is a Crown Agency with a mandate to invest in the conservation of Saskatchewan's unique history. The Foundation's strategic direction is entrusted to a Board of Directors appointed by the Lieutenant Governor in Council and its day-to-day operations are carried out by staff assigned from the Ministry of Parks, Culture and Sport (Ministry).

Vision

We imagine a future in which Saskatchewan residents are engaged and aware of the value of heritage in contributing to sustainable communities and a richer sense of place. Through meaningful and strategic investment in the heritage resources of Saskatchewan, the Saskatchewan Heritage Foundation motivates a collaborative approach to heritage conservation that heightens understanding and appreciation of our diverse heritage. The connection between heritage, community identity, pride and quality of life is embraced. Our vision is realized through strong private and public partnerships.

Mission

The Saskatchewan Heritage Foundation's mission is to foster conservation of the heritage resources that embody Saskatchewan's heritage for the benefit of present and future generations.

Appointments of the Board of Directors

Board of Directors: The affairs of the Foundation are directed by a board of private citizens, consisting of not less than seven and not more than 15 persons, appointed by the Lieutenant Governor-in-Council and drawn from communities across the province. Members can serve up to three consecutive 2-year terms. During the 2015-2016 fiscal year, Royce Pettyjohn of Maple Creek served as Chairperson and Charlie Pirie of Balgonie as Vice-Chairperson. The board had a complement of nine members.

Summary of Achievements

Over the past fiscal year, the Foundation has continued to make investments in the stabilization and rehabilitation of heritage buildings across the province.

The Foundation continued to work with the Meewasin Valley Authority to ensure the First Nations' Central Burial Site near Saskatoon received the maintenance and care the site needed. As well as, the care and maintenance of the Claybank Brick Plant National Historic Site, near Avonlea, which is owned by the Foundation, on behalf of the Crown.

Joint meeting with the Alberta Historical Resources Foundation in Lloydminster, September 2015.

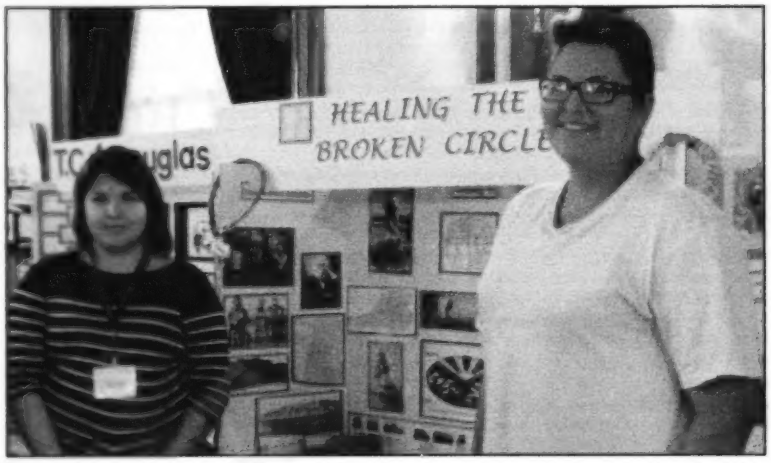
Total	**$21,200**



Rihanna Shingoose and Shelby Pelletier—Regina Heritage Fair

Saskatchewan Heritage Fairs

Heritage Saskatchewan assumed responsibility for the Heritage Fairs program in 2013. The program has been running in Saskatchewan since 1997. In Heritage Fairs, students in grades 4-8 undertake independent research projects on a topic relating to Saskatchewan and/or Canadian heritage of their choice. They present these projects at local school or classroom-based fairs, and winners are selected to attend Regional Heritage Fairs. Winners from the Regional Fairs are then selected to compete at the annual Provincial Heritage Fair at Government House in Regina.

In 2015, the Foundation provided a grant of $1,500 toward each Regional Heritage Fair, which were held in Moose Jaw, Swift Current, Regina and Saskatoon. At the school level, over 2,500 students created heritage fair projects. Of these, approximately 330 students were selected to participate in the Regional Fairs.

In 2015, the Foundation also provided a grant of $5,000 to Heritage Saskatchewan toward hosting the Provincial Heritage Fair. The Provincial Fair, held in June 2015 in Regina, involved 40 student representatives from schools across the province.

Grant Programs

Heritage resources, from archaeological sites to large buildings, require specialized treatment to ensure their long-term conservation. These programs provide financial assistance to conserve many different kinds of heritage resources.

Forty-six projects were approved this year.

Claybank

Recipient	Project
Claybank Brick Plant Historical Society— RM of Elmsthorpe #100	Claybank Brick Plant National Historic Site: Operation, Maintenance, Conservation and Interpretation.
Total Expenditure	**$ 119,034.00**

The Claybank Brick Plant is a tribute to the ingenuity and rigour of Saskatchewan's early settlers. Touring the site facilitates a greater sense of pride in our heritage and in our country's rich history.

In 2015, the Foundation partnered with the Prince's Charities Canada to develop a plan determining the feasibility and long-term sustainability of the site. Prince's Charities Canada has significant relationships with Prince's Charities in the United Kingdom, including The Prince's Regeneration Trust.

Page of Appreciation

"On behalf of the Vestry and congregation of St. Matthew Anglican Church, I write to express our sincere appreciation and thank you to the Board of Directors of the Saskatchewan Heritage Foundation for approving our application under the Built Heritage Grant for $25,000. To state this is an awesome launch for our project would be an understatement!"

Acknowledgements

The Board of Directors of the Foundation wishes to thank the Ministry of Parks, Culture and Sport for maximizing the Foundation's ability to strategically invest in Saskatchewan communities by providing a Manager, a Grants/Finance Officer and a part-time Administrative Assistant to the Foundation to carry out the Foundation's day-to-day business. Over the course of the fiscal year, the Board and staff of the Foundation have drawn upon the expertise of colleagues within the ministry, specifically, Patricia Glanville, Brant Hryhorczuk and Nathan Friesen, and are grateful for the cooperation and teamwork.

SASKATCHEWAN HERITAGE FOUNDATION

FINANCIAL STATEMENTS

MARCH 31, 2016

Responsibility for Financial Statements

The accompanying Financial Statements have been prepared by management of the Saskatchewan Heritage Foundation. They have been prepared in accordance with generally accepted accounting principles in Canada, consistently applied, using management's best estimates and judgments where appropriate. Management is responsible for the reliability and integrity of the Financial Statements and other information contained in this Annual Report.

The Foundation's Board of Directors is responsible for overseeing the business affairs of the Foundation and has approved the Financial Statements for the year ending March 31, 2016.

Management maintains a system of internal controls to ensure the integrity of information that forms the basis of the Financial Statements. The internal controls provide reasonable assurance that transactions are executed in accordance with proper authorization, that assets are properly guarded against unauthorized use and that reliable records are maintained.

The Provincial Auditor of Saskatchewan has audited the Financial Statements. Her report to the Members of the Legislative Assembly, stating the scope of her examination and opinion on the Financial Statements, appears on the next page.

INDEPENDENT AUDITOR'S REPORT

To: The Members of the Legislative Assembly of Saskatchewan

I have audited the accompanying financial statements of Saskatchewan Heritage Foundation, which comprise the statement of financial position as at March 31, 2016 and the statement of operations and accumulated surplus and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards for Treasury Board's approval, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the financial statements present fairly, in all material respects, the financial position of Saskatchewan Heritage Foundation as at March 31, 2016, and the results of its operations and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

SASKATCHEWAN HERITAGE FOUNDATION

NOTES TO THE FINANCIAL STATEMENTS

March 31, 2016

1. Authority

The Saskatchewan Heritage Foundation (Foundation) was established under the authority of *The Saskatchewan Heritage Foundation Act* effective February 18, 1991, as amended by *The Saskatchewan Heritage Foundation Amendment Act, 2001.* In June 2010, *The Saskatchewan Heritage Foundation Act* was repealed and its various sections were incorporated, via *The Streamlining Act,* into an amended, and expanded, *The Heritage Property Act.* The Foundation works in close consultation with the Ministry of Parks, Culture and Sport (Ministry). The Ministry may also provide funds to the Foundation for its operations. The Foundation provides financial support to individuals, municipalities, community-based organizations and businesses for various heritage initiatives which research, conserve, develop, interpret and promote Saskatchewan's rich heritage resources.

The Saskatchewan Heritage Foundation Board oversees the Foundation. The Lieutenant Governor-in-Council appoints board members.

Since its inception in 1991, the Foundation has acquired a number of provincially significant historic artifacts through donation and purchase. Those historic artifacts are not recorded in these financial statements.

2. Significant Accounting Policies

The financial statements are prepared in accordance with Canadian public sector accounting standards. A statement of changes in net financial assets has not been prepared as the information is readily determinable from the other statements. These statements do not present a Statement of Remeasurement Gains and Losses as the Foundation has no remeasurement gains or losses. The following policies are considered significant:

a) Heritage Properties

The cost incurred to restore and develop the Claybank Brick Plant is expensed in the year the services are rendered and/or goods received.

Other heritage projects that the Foundation supports are recorded as an expense when recipients incur eligible expenses for projects approved by the Foundation Board.

Donated heritage properties, materials and services are not recorded.

Heritage properties purchased by the Foundation are expensed when acquired.

b) Revenue

Transfers are recognized as revenue when the transfers are authorized and any eligibility criteria are met. Transfers not recognized as revenue are recorded as deferred revenue.

3. Due From General Revenue Fund

The Foundation's bank accounts are included in the Consolidated Offset Bank Concentration arrangement for the Government of Saskatchewan.

The Foundation's earned interest is calculated and paid by the Government's General Revenue Fund on a quarterly basis using the Government's thirty day borrowing rate and the Foundation's average daily bank account balance. The Government's average thirty day borrowing rate for 2016 is .60% (2015 – .92%).

4. Claybank Brick Plant

The Claybank Brick Plant (Plant), including land, was donated to the Foundation in 1992. In 1994, the Plant was designated as a National Historic Site, and as a Provincial Heritage Property in 1998. The Foundation incurs conservation and management costs and seeks contributions from other organizations to offset a portion of those costs.

The Claybank Brick Plant Historical Society (Society) donates material and services to the Foundation to achieve the common goal of preserving the Brick Plant as a nationally significant heritage property and tourist attraction. The Foundation has a co-operating agreement with the Society which requires that some funds acquired by the Society, depending on how they are received and for what purpose, shall be directed to the Foundation.

5. Kaplan Funds

The J.M. Kaplan Fund is a philanthropic family foundation, based in New York, which administers a conservation program to help restore and protect aspects of the natural and historic legacies of the North American continent. Since 2002, the Kaplan Fund has approved five separate allocations to the Foundation, totalling $277,429, for preserving historic churches and other heritage sites. The Kaplan Fund has agreed to match any funds approved by the Foundation for heritage conservation projects. The grant recipient must then at least match the amounts they may received from the Foundation including the Kaplan Fund amount. Total Kaplan dollars were expensed with $0 remaining in deferred revenue in 2015.

6. Financial Instruments

The Foundation's financial instruments include due from General Revenue Fund, interest receivable, accounts payable and accrued liabilities. The fair value of these instruments approximates carrying value due to their immediate or short-term nature. These instruments have no interest risk, credit risk, liquidity risk or market risk.

7. Budget

The Foundation Board approved the 2015/2016 budget at its May 1, 2015 Board meeting.

8. Related Party Transactions

Included in these financial statements are transactions with various Saskatchewan Crown corporations, ministries, agencies and boards related to the Foundation by virtue of common control by the Government of Saskatchewan. Also, the Foundation is related to non-Crown enterprises that the Government jointly controls or significantly influences.

Routine operating transactions with related parties are recorded at rates charged by those organizations and are settled on normal trade terms.

The Foundation pays Provincial Sales Tax to the Saskatchewan Ministry of Finance on all its taxable purchases. Taxes paid are recorded as part of the cost of those purchases.

In accordance with established Government practice, the Foundation has not been charged with certain administrative and occupancy costs and no provision for such costs is reflected in these financial statements. These costs are borne by the Ministry of Parks, Culture and Sport, from monies appropriated by the Legislature for such purposes.

Other transactions with related parties and amounts due to or from them are described separately in the financial statements and related notes.

9. Commitments

The Foundation has multi-year commitments at year end totaling $319,705 (2015 - $254,162) for various approved heritage projects. The Foundation Board has approved these projects but no monies have been paid or eligible expenses incurred.
